Chairman's Address

As a Chairman of this prestigious institution, it is both a pleasure and privilege to address this ingenious congregation of students, teachers and administrative staff on the occasion of the annual day. It gives me immense pleasure that within the very first few months of my taking charge, I could be instrumental in a momentous event of laying of the foundation stone of the new Academic Block. I have been associated with this college for the last many years and have witnessed many glorious feats including lifting of World Cup U-19 Trophy by one of our students as a captain, Yash Dhull. The college has excelled academically even during these trying times of Corona.

It gives me huge satiation to contribute towards the smooth working of college even during the corona calamity. The college has not failed in its duty towards nation building by ceaselessly imparting support to society through the various programmes conducted by NSS, NCC, WDC and many other welfare organisations. In near future also I intend to give full support to the college in every progressive and welfare-intended endeavours. In the end I once again like to congratulate the principal, teachers, students and administrative staff to show the indomitable spirit in such smooth functioning of the college during the worst hit crisis.

Stay healthy, stay safe.

Ankit Pandey

(Chairman, Swami Shraddhanand College)

Principal's Message

An unprecedented crisis due to the COVID-19 pandemic has tested human resilience in every sphere of life and academic institutions are no exception to this. This not only metamorphosed the academic calendar, but also altered the traditional modes of holding lectures, examinations and cultural activities. Lectures were efficiently conducted online, laboratory experiments were shifted to virtual labs and simulations, and even various extra-curricular activities were enthusiastically held through virtual platforms. We continue to strive towards academic excellence and engaging in co-curricular activities, and this path is facilitated by our dedicated faculty members, administrative- staff and infrastructural support. The symbiotic relationship between space and educational identity is non-negotiable and keeping this in mind there has been significant changes in infrastructure, including building of four new classrooms. Further, another conspicuous and recent example in this regard is the initiation of the **New Academic Block**. The Foundation-Stone Laying Ceremony for the same took place on 2nd of April 2022. The Chief Guest for the occasion was **Prof. M. Jagadesh Kumar (Chairman, University Grant Commission)**.

Keeping the spirit of conservation intact the college has installed **numerous solar panels** in order to create an ecologically sound environment. Furthermore, the planting of more than 1000 trees and nurturing the idea of *Saghan Van* indubitably refers to our commitment towards creating an environmental friendly atmosphere. Our staunch and unflinching belief in supporting the nation during the worst crisis is evident from our creating a **Covid-Centre** in **2020** and building a **CRPF Camp** in the college campus.

Apart from the regular courses, there has been several **Add-on-courses** that have been successfully organised by our committed faculty members such as the Department of Botany has organised **30 Hours Add-on-course** on “**Mushroom Cultivation**” in online-offline hybrid model. Several experts, scientists and professors imparted knowledge on cultivation of mushrooms. Similarly, The Computer Science department organized a **30 hours online Add-on-course on “ICT”** for students, from 20th February 2022 to 27th March 2022. Another remarkable feat achieved by the college came in the arena of sports, when our student, **Yash Dhull** has lifted **Under-19 World Cup trophy** as a **Captain of the India Team**.

I congratulate my colleagues and students for their excellence in academic and co-curricular activities. I salute your spirit of resilience and positivity while participating in teaching and cultural activities even in online mode. I also express thanks to the administrative staff for their support.

Stay healthy, Stay Safe

Departments and Faculty Achievements

Department of Botany

- Department of Botany has organized 30 Hours Add-on Course on “Mushroom Cultivation” in online-offline hybrid model. Several experts, scientists and professors imparted knowledge on cultivation of mushrooms.
- Hands on training was given by Prof. Parveen Garg in the laboratory.
- A field trip for the students on “Mushroom Cultivation Training Facility” in Bakoli and “Urban Farms Co. –Mechanised Mushroom Cultivation Centre” in Palla was organized on 23rd March 2022.

Department of Physics

Activities of the Department of Physics

- A tree plantation drive was organized by the Department of Physics. Hon. Principal, Prof. Parveen Garg himself took a great initiative to plant trees on the college campus. A total of about 50 trees were planted in the periphery of the college. The message of 'Plant Trees and Save Earth' and 'Keep our Earth Green and Clean' was conveyed in a distinctive way.

Enabling Unit Report 2020-22

Swami Shraddhanand College established an Enabling Unit in the year 2009 for physically and visually impaired teachers and students. As per the guidelines of the 12th plan laid down by the University Grants Commission, the Unit must help the college in constructing an accessible infrastructure and provide useful study materials to visually challenged students in an accessible format.

During the lockdown period, the Unit members played an active role in helping students financially in May and June 2020 to help them attend online classes. A webinar was organized in March 2021 to sensitize disability-related issues during this period. The Unit recommended the names of 10 visually challenged students for the National Scholarship which is provided to the visually challenged students of the university by a non-government organization named "Help

the Blind Foundation”. In January 2022, the Unit recommended the name of Mr Surendra Kumar, a BA (Hons) Hindi student for the Vice-Chancellor's Gold Medal Scheme for visually challenged students.

In the same month, the Unit submitted a proposal to the college regarding setting up a computer lab in the new campus equipped with three brand new computers fitted with the latest version of JAWS software. Besides this, the Unit has also ordered the purchase of 5 digital audio recorders for the newly admitted students in the college. Apart from all the activities mentioned above, the members of Enabling Unit are pretty active during the admission process to facilitate the admission of physically and visually challenged students. Often, the Unit has arranged readers for the average academic activities and writers during the examination time for Visually Challenged students. The students have also been encouraged from time to time to participate in various extracurricular activities held in the college and other colleges of the University. The Unit has also worked carefully in preparing the roster of teaching and non-teaching vacancies of the college and has ensured its proper implementation.

A Brief Report of Women Development Cell

Women Development Cell has been working actively for the empowerment of the female students and facilitating institutional support for their holistic development. During the year 2021-22, the cell had following members: Dr. Aishwarya Jha (Co-Convenor), Dr. Sadhna Kushwaha (Co-Convenor), Dr. Gauri Mishra, Dr. Kiran Dabas, Dr. Pratibha Rana, Dr. Vibhuti Singh, Dr. Shahida Khan, Ms. Chanchal, with Prof. Namrata as convener.

On 22nd January 2022 a training session on how to deal with Street Harassment, both when a person is a witness and as a victim, was organized from 11:00 AM onwards through online mode, in collaboration with NGO Breakthrough India. The session was a great success, which was attended by more than 100 participants. The trainer, Ms. Shilpy Singh, very interactively carried out the 1.5-hour training session through various videos and polls. The training mainly focused on 5D's: Delay, Distract, Delegate, Document, and Direct. During the question/answer time, various personal queries were also discussed by the participants with the trainer. Towards the end, the trainer shared her contact information also, so that the participants could contact her in future, if required. The programme was very much liked by the participants, who felt empowered to help themselves and others in distress after this session. The feedback shared by the participants was a clear indication of the enthusiasm with which they attended the session and the knowledge they gathered through it.

On the occasion of International Women's Day, on 8th March 2022, a poster making competition was organized by Women Development Cell at 10:30 AM, at Amphitheatre of new campus of the college. The topic of the poster was based on UN theme for 2022 "Gender equality today for a sustainable tomorrow". Many students registered for the event through the online Google form, and some on the day of the event. Sheets were provided to the students and other material was all their own. Total of 18 entries were received. Students very enthusiastically participated for the event, especially as it was one of the first such events in the offline mode. They even braved the heat of the sun to be a part of the same. Other students also came to support their participating friends. Following were the judges of the competition:

- Dr. Gauri Shukla Mishra
- Dr. Kiran Dabas
- Dr. Aishwarya Jha
- Dr. Sadhna Kushwaha

All the entries were outstanding and brilliant, and it was a difficult decision for the judges to decide the winners. Finally, entries by following students were decided as winners:

- First Prize: ₹ 1000/-
Jyotishco B.A. (Hons) Geography Sem I
- Second Prize: ₹ 700/-
Meghna B. Com. (P) Sem IV
- Third Prize: ₹ 500/-
Khushi B. A. (Hons) Hindi Sem VI

Certificates were given to all the participating students. It was an enjoyable activity for all the students.
