The training mainly focused on 5D's: Delay, Distract, Delegate, Document, and Direct. During the question/answer t ime, various personal queries were also discussed by the participants with the trainer. Towards the end, the trainer shared her contact information also, so that the participants could contact her in future, if required. The program was very much liked by the participants, who felt empowered to help themselves and others in distress after this session. The feedback shared by the participants was a clear indication of the enthusiasm with which they attended the session and the knowledge they gathered through it.

On the occasion of International Women's Day, on 8<sup>th</sup> March 2022, a poster making competition was organized by Women Development Cell at 10:30 AM, at Amphitheatre of new campus of the college. The topic of the poster was based on UN theme for 2022 "Gender equality today for a sustainable tomorrow". The topic in Hindi was "सतत कल के ललए आज लेंलिक समानता". Many sudents registered for the event through the online Google form, and some on the day of the event. Sheets were provided to the students and other material was all their own. Total of 18 entries were received. Students very enthusiastically participated for the event, especially as it was one of the first such events in the offline mode. They even braved the heat of the sun to be a part of the same.

Other students also came to support their participating friends. Following were the judges of the competition:

1.Dr. Gauri Shukla Mishra

2. Dr. Kiran Dabas

3. Dr. Aishwarya Jha

A Diwali Mela, Roshni '22, was organized on 17<sup>th</sup> Oct 2022 in the new campus of the college. The Mela had stalls from different sellers, including dresses, decorative items, plant and compost seller etc, besides various eating joints. It was a lively event, and students enjoyed it a lot. Some students also put up their stalls to showcase their talent like a mehndi artist and a student who had his own start-up.

Under this MOU, students would be shared audio-video material, given training and would be given some surveys to understand their backgrounds and their thoughts.
