

• The Microbiology Society, Sookshma, also organized an Industry-Academia Interaction titled ""Bridging the Gap" with MagGenome Technologies Pvt. Ltd. Or 22nd-23rd February 2019. MagGenome Technologies, headquartered in Cochin India, began operations in 2014. It was incubated in SciGenom Labs for a period of one year and is now a registered independent company from 2015. As a startup MagGenome is primarily focused on the development of magnetic nanoparticles-based products. This interaction included:

- Hands-on training on "Biological applications of Nanoparticles: Isolation of DNA using Nanoparticles" for 2nd and 3rd year students of Microbiology, so as to acquaint them with the newly growing technologies.
- And an extraordinary lecture on "*Biotech Industry Startup: Entrepreneurship prospects in India*", delivered by Dr. C. N. Ramchand, Chief Executive Officer, MagGenome Technologies Pvt. Ltd; CEO, Saksin Lifesciences Pvt Ltd.

The event was convened by Dr. A. Archana. Dr. Parvinder Kaur, Dr. Lakshna Mahajan and Dr. Sweta Yadav were teacher coordinators.
